Release Plan
SlugShop
10/11/2023

High level goals:
- To be able to correctly display the listing that is selected by the user.
- Have the Home Page display the correct user listing.
- To have the different user listings update after a user creates a post.
- Have the user only be able to access the website if they have a @ucsc.com email.

User stories defining the scope of the release:
- Sprint #1:
    - As a buyer or seller I want only UCSC students to be able to use the website. **Story Points = 2**
    - As a seller I want to know what information I need to make a listing. **Story Points = 1**
- Sprint #2:
    - As a buyer I want to be able to search through listings. **Story Points = 3**
    - As a seller I want to make a listing. **Story Points = 3**
    - As a user I want a user friendly interface. **Story Points = 1**
    - As a buyer I want a way to contact the seller. **Story Points = 2**
- Sprint #3:
    - As a user I want a stable, user friendly platform. **Story Points = 1**
    - As a seller I want to be able to see my active listings. **Story Points = 2**
- Sprint #4
    - As a user I want a bug-free website. **Story Points = 2**
    - As a buyer I want to be recommended items to purchase. **Story Points = 3**

- As a buyer I want to be able to filter and search for items. **Story Points = 3**
